## **NEWS RELEASE**

September 2, 2004

TSX Trading Symbol: **FNC**  
S.E.C. Exemption: 12(g)3-2(b)

The Company wishes to announce the acquisition, by staking, of a large number of iron ore properties, some jointly with another party, located on Quebec's North Shore, and at the southern end of the Labrador Trough, south west of Quebec's Cartier's Mount Wright iron mining operations. The Company has no immediate plans regarding these properties, save for joint venture possibilities, and their acquisition was considered appropriate at this time in view of the robust state of the world's iron ore markets and prospects for its continuance.

The Company continues its work on an access road into the Mingan Titanium Option Property. Trenching is scheduled to begin in late September, on completion of the road, with removal of a 50 tonne bulk sample before year end. On site test work on this sample is scheduled for Spring, 2005.
